

To Whom It May Concern:

LaRenn is a phenomenal marketing specialist and was a “dream” client. We worked together on numerous, highly detailed, integrated marketing campaigns through the Kansas City Business Journal. LaRenn is engaging and thorough. Her attention to detail and organizational skills are comparable to none. She always has quick response and design turnaround, is professional, current on marketing trends, savvy on social media, organized and has impeccable customer service, all of which I can speak of first hand. LaRenn is one willing to go above and beyond to do a great job. On top of everything - has an infectious, enthusiastic attitude always.

Sincerely,
